47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I fully support broadband competition. It is vital to my work both for the internet services and the phone services. Cellphone reception is very poor in the area and phone services over the internet are very important. I now have fiber but I was previously connected via competitive dsl.

I hope you will maintain a competitive environment for such as vital utility as internet connection and speed.

Best,

Glenda Flaim
